

LET US FIND IT AND FIX IT ... FOR FREE

There's still time to sign up for your free, 15-minute Sewer Connection Check-up! Your sewer connections could be allowing rainwater into the sanitary sewer system and contributing to basement backups and overflows in your neighborhood. These connections are prohibited by City law because of the burden they place on the system. For a limited time, the City will pay for a licensed, pre-qualified plumber to do the work for **FREE!** **Don't miss out; sign up today before we move on.**

Keep Out the Rain KC is one piece of Kansas City's largest infrastructure investment, the Smart Sewer program, a 25-year, \$4.5-5 billion effort to reduce sewer overflows and improve water quality in our region for generations to come.
